VAIBHAV EDIBLES PVT. LTD.

About us:

Vaibhav Edibles Pvt. Ltd. was incorporated in the year 2003 under the leadership of Mr. Mahesh Chandra Jain along with Mr. Manni Lal Gupta and Mr. Vijay Gupta. Together they bring in half a century old experience and expertise in the oil industry and refining process. An organization was comprehended with a group of people to willingly pool in resources and energies to pursue a common goal of becoming a prominent manufacturer of quality edibles oil products. In addition Mr. Akhil Gupta, Mr. Prashant Jain, Mr. Vishal Gupta & Mr. Kushagra Jain with a dynamic vision of pioneering in the refined oil market are steadily moving forward to expand Company's market share in the oil market. Company has successfully established its brands in the states of U.P. and Bihar.

Very recently the Company has enhanced its production capacity and packing capacity keeping in view very encouraging and positive market response.

The Company is principally engaged in production, distribution and sale of premium priced oil products in the market under the brand name JIOLITE and offers a wide range of "Jiolite" products including – Jiolite Kachhi Ghani, Jiolite Soya refined oil, Jiolite sunflower oil, Jiolite palmolien oils.

Jiolite Edible oil is controlled by process automation whereby state - of - the art microprocessor technology is adopted to integrate and completely automate all functions of the oil processing area to ensure high product quality/reliability and safety. The company has its own research and development section to apply innovative technology in the oil refining process. Quality check of all the despatches from the plant is strictly ensured without exception. JIOLITE's entire range of oil products provides nutritionally balanced food with the best purity and safety standards. We believe that we have a responsibility to our consumers and to the communities in which we have our presence. We look forward to serving our customers with the best quality products as we've always done.

PREMIUM QUALITY EDIBLE OILS

JIOLITE Refined Palm oil is obtained from the yellow or orange colored flesh of the fruit. It is also neutral in taste and very stable when heated. It has a long shelf life and makes foods particularly spreadable. On account of these properties palm oil is used in products as diverse as margarine, convenience foods, baked goods and confectionery, it is very difficult to find substitutes for palm oil.
